

# Intensiv DiaTweezer

Tweezers with diamond-coated tips

Tweezer Tips  
close with precision

Inner-/outside diamond-coating

New: Closing Stop

REF 1005  
(diamond-coating  
inner-/outside)

REF 1005A  
(diamond-coating  
inside)

## Indications

- Safe gripping and holding of small extraoral objects in dentistry (e.g. a crown or an inlay/onlay)

## Benefits

- Comfortable round handle design  
Gentle grip thanks to integrated closing stop
- Firm and secure grip through the diamond-coated inner side of the tweezer tips
- Secure hold of small hollow bodies with open tweezers through fully diamond-coated tweezer tips
